

THE SPACAPSULE® IS THE ONLY FULL BODY AUTOMATED MASSAGE AND RELAXATION DEVICE DESIGNED BY DOCTORS FOR DOCTORS.

According to the Mind/Body Medical Institute at Harvard University study, between 60% and 90% of all medical office visits in the United States are for stress-related disorders. The SpaCapsule® Massage and Relaxation is a tool that promotes long-term health by slowing down the body and quieting the mind.

According to American Massage Therapy Association survey 47 Million Americans, or 20% of the entire American population, received a massage in the past 12 months.

According to Chiropractic Economics' Annual survey the median net practice income of chiropractors who offer massage in their office is 25% greater compared to chiropractors who do not offer massage.
